

# Math Choice Board

**KHAN**

Complete Khan academy lesson of your choice for 20min.

Date completed: \_\_\_\_\_

Rap Battle

Write a rap or poem that explains how to do a math concept of **your choice**. Make sure your explanation is nice and clear. Be creative!

**I'M THE  
TEACHER!**

Create a 5 question quiz for the topic we are **currently** learning. Make sure you provide an answer key!

You can use Kahoot!

**WORD B?**

Create your own "Which one doesn't belong?" square. Include **at least one** reason that each square does not belong.

**GAME ON!**

Create your own math game that aligns with **what we are learning in class**. Be sure to include the directions and any pieces you may need!

**TUTORIAL**

Make a how-to video or tutorial on the math skill you just learned.  
Email it to your teacher.
